Level 3

Funding:
Fully funded

Start Dates:
Monthly (Flexible)

QUALIFICATION FRAMEWORK

Completion of the qualification framework includes the following qualifications:

- Agored Cymru Level 3 Diploma for Digital Learning Practitioners
- Level 2 Essential Application of Number Skills*
- Level 2 Essential Communication Skills*
- Level 2 Essential Digital Literacy Skills*

ESSENTIAL SKILLS

The Welsh Government is firmly dedicated to elevating the standards of Essential Skills throughout Wales. Within the funded apprenticeship frameworks, qualifications in Communication, Digital Literacy, and Application of Number play a crucial role. Typically, these qualifications are delivered in partnership with our partner institution Gower College Swansea (GCS) via GCS Training.

*If you have previously completed Essential Skills or possess appropriate evidence, such as GCSE certificates or similar qualifications, you may be eligible for exemption from completing these aspects of the framework.

EXPERT SUPPORT AND GUIDANCE

"Here at Big Learning Company, we've witnessed the real difference that the Digital Learning Practitioner Apprenticeship can make to educators. Our learners unlock boundless opportunities and shape the future of education through digital innovation. It's incredible to see them become catalysts for transformative learning experiences."

- **Jack Mayers - Digital Learning Executive**

"As educators, delivering the Digital Learning Practitioner Apprenticeship fills us with pride. Witnessing our learners gain the knowledge and skills to create captivating digital content is truly inspiring. We have witnessed the positive impact of creating inclusive and effective learning environments and resources first-hand!"

- **Katie Evans - Digital Learning Assessor**

- Mandatory - 28 Credits
- Optional 21 Credits

FREQUENTLY ASKED QUESTIONS (FAQS)

What is the duration of the qualification?

The qualification is flexible around your work commitments. A personalised delivery plan can be tailored with this in mind. The qualification is fully funded for a maximum of 18 months, with learners typically completing within a 12-15 month timeframe.

How much time would I need to commit?

Delivery plans can be mutually agreed between learners and assessors. Ordinarily, delivery uses a 6-8 weekly cycle starting with an initial Webinar Session, Follow up 1:1 Review Meeting and flexible submission window.

Where does delivery of the qualification take place?

A hybrid delivery model is used, combining both online and in person activities. Learners are provided with a mixture of synchronous (live) and asynchronous (on demand) resources and learning opportunities.

What will I achieve upon completion, and what is the qualification equivalent to?

Completed learners will achieve the Agored Level 3 Diploma for Digital Learning Practitioners along with any Essential Skills that they complete as part of their framework. A Level 3 qualification is equivalent to two A-Level passes.

Is there any eligibility for a student discount?

Absolutely! As part of your Induction Session, your assessor will provide you with details of how to set up your UNiDAYS account.

What will I need to provide for Eligibility and Enrolment?

Your assessor will provide you with a list of identification and certification documents that we require to complete the Eligibility and Enrolment processes. These are typically photographs/scans of original documents.

What is required from my Employer Manager?

Your Employer Manager plays a key role throughout your learning journey. Initially they will support in the completion of sign up forms. Moving forward they will be required to stay updated with progress by signing and commenting on your monthly review form.

LEARNER TESTIMONIALS

"Course content was relevant, interesting and enjoyable. Course resources provided by BLC were excellent and my assessor was extremely helpful, friendly and approachable at all times. I would certainly recommend this course and the support provided by BLC."

"My time learning with BLC was very enjoyable. The course fitted perfectly into my busy schedule due to flexible online meeting times with my assessor and the ability to work online. The course content felt tailor made for me."

"The knowledge and skills I have learned about digital learning, relating to both asynchronous resources and synchronous delivery will improve not only my own hybrid delivery but also the development of others in future."

"While gaining my qualification through BLC I have felt totally supported at every step. The materials provided were informative and helpful. The assessors work alongside you to help you achieve your potential."
